## Action Taken by the Institute based on "Curriculum Related Feedback"

The curriculum related feedback which is collected from stakeholders, focuses on different aspects of the syllabus. Majority of stake holders are happy with the syllabus and its transactions. Only very few percentage of students have issues on some aspects like relevance and adequateness of the curriculum in context of practical knowledge and availability of text book and reference book in the market.

Meeting of Academic Council Committee of the college was held and feedback analysis report was discussed. Head of the Departments are asked to organize workshops, lecture series, Add on courses relating to these issues. HODs of both UG and PG have been requested to provide necessary list of book for convenience of students.

Apart from that as our college is affiliated one, hence bound to follow syllabus prescribed by parent body. Some of the faculties are chairperson and members of Board of Studies and Academic Council in the parent body. As a result the feedback analysis report is conveyed to them to put before the meeting of Board of Studies and Academic Council.
